Memo

The Municipalities of Gubbi and Tiptur have to make contributions amounting to Rs 603 and 681 respectively towards the cost of Dispensary buildings in them. Owing to the insufficiency of funds, the Municipalities pray that they may be allowed to meet the demand by annual payments of Rs 100 each, but the Chief Engineer wants special sanction of Govt for the indulgence solicited. Hence the reference made to this office.

The state of the funds of the 2 municipalities is given below.

	Gubbi	Tiptur
(1) Opening balance	1140	782
(2) Receipts	1599	2083
(3) Total	2739	2865
(4) Expenditure	1837	2444

gets an accession to its revenue of Rs 1126 by transfer of Govt share of House and Mohatarfa taxes sanctioned in Proceedings dated 6 October 1893 in consideration of its bearing Police charges. There can therefore be no difficulty in requiring the municipality to pay up the full amount at once.

Yes - It must pay at once

But the case of Gubbi is different. The allotment sanctioned for 1893-94, includes only Rs 600 on account of the maintenance of roads and other works and exceeds the annual income of the year by Rs 234. Orders are solicited as to whether the municipality may not be allowed to pay annually Rs 100, if it cannot be altogether excused from payment. The file below contains several precedents exempting municipalities from payment of contributions on the score of poverty.

Sir,

In continuation of this Office letter No. 46 S-89 / L55 dated 18th Ultimo, I have the honor to state that, as there is a large balance at the credit of Local Funds General, as observed in Government Proceedings No. 13680-9 Cir: 288 L 37s dated 7th March last, the District Fund Board (including the Senior Surgeon) were unanimously of opinion to obtain the sanction of Government to give immediate effect to Government Proceedings No. 7683-93 Cir. 15-9 dated 24th September 1890, in setting accommodation (2 rooms) for In-patients

in all the Local Fund Dispensaries of this District, as at present there is scarcely any accommodation in them and the patients suffer extreme hardship, occasionally. I therefore request that the Chief Engineer may be asked to arrange for the construction of the additional rooms for the purpose, at an early date.

2. As observed in Government Proceedings, two-thirds of the cost of such additional accommodation should be met from the Provincial Funds and the remaining one-third from the District Funds-General, the Municipalities in the District not being in a position to meet this expenditure.

3. I would also request that, early sanction may be accorded for constructing Dispensary buildings both at Closepet and Channapatna,

where the necessity for the same is very great and pressing, and as a large sum from the District Funds is now available for undertaking such buildings, the Government, it is hoped, will kindly sanction their construction.

SECTION Lab.
FILE No. 8 of 90 T.C.
SER'AL No. 3 SIR.

From
The Chief Engineer of Mysore.

To
The Chief Secretary to the,
Dewan of Mysore.

In reply to Govt. Proceedings No: 7087-9 553 dated 19th inst:, requesting to report whether the construction of the Dispensaries at Closepett and Channapatna, and the additional rooms required for the accommodation of in-patients in the other Dispensaries of the Bangalore Dt: cannot be undertaken at once, I have the honor to inform you that it will not be possible to provide for these works from this year's P.W. Budget, all the funds available under "Medical" in that Budget having already been allotted for the Dispensaries undertaken at the Senior Surgeon's request in the order of urgency.

2. The Senior Surgeon furnishes this Office annually with a list of the Dispensaries required, arranged in the order of urgency, and that list is followed by this Office in providing for works of this class in the P.W. Budgets. I annex Copy of

0010001

of the List for 9/192 - The first four Dispensaries have been provided for in this year's Budget - The Dispensary at Bloxpett, which stands 5th on the list, is one of the Dispensaries to be provided for next year, if funds are available from the Medical Grant. The Dispensary at Chennapatna is 16th on the list, and the Senior Surgeon apparently does not consider it more urgent than those to which he has assigned higher places. It will be seen that the List provides for accommodation for in-patients only for two Dispensaries in ~~00~~ Taluq viz. Kankanhalli and Nagadi - (excluding Bloxpett and Chennapatam) I would suggest that all questions as regards Medical buildings proposed to be undertaken be settled first with the Senior Surgeon, at whose request such works have hitherto been undertaken by this Department, and who is the best judge as to the urgency of the works -

11. It is not possible to say now whether, if the Dispensaries were referred to, be carried out from funds

funds proposed to be lent, there will be sufficient money available from the next year's P.W. Grant for Medical works, for the repayment, as all incomplete works have — first to be provided for before new ones are taken in hand. This question can best be decided at end of the financial year, when general savings, and exact requirements of next year will be known. —

I have the honorable,
Sir,

Government observes that the ordinary receipts of the Maddagiri Municipality amount to Rs 1086 and ~~the~~ its fixed charges (which allowing no provision whatever for the maintenance of roads and drains even) to Rs 1095 on Rs 9 in excess of the ordinary receipts. The Municipality of Maddagiri cannot therefore

End to Sl 16 Sir

I have the honor to state that the Government in their Proceedings No 4438/734 dated 26th August 1892 sanctioned the construction of a new Dispensary at Sagar on condition that the Municipality should contribute one third of the cost and the work was duly executed. For want of funds the Municipality was not able to pay the promised contribution before the work was put on hand. Provision was made in the Budget Estimate for the current year to meet this charge, but the Government in disallowing the item have suggested in their Proceedings No 6999-7003/L.7 115-93 dated 14th October last that if the Municipality is unable to pay its share of the cost the

D.P.W Proc. copy obtained and submitted

President should apply for the whole being met from Provincial or District Funds.

2. The Municipal Board of the Sapa Town in their Proceedings for the month of August last has recorded a resolution to the effect that the Municipality is not in a position to bear this additional expenditure, its receipts being hardly sufficient to meet the current expenses. In my opinion it is not all possible for the Board to bear this addi- tional charge either in the ensuing year or at any future period for the reasons recorded in its reso- lution quoted above. I would there- fore request that you will be good enough to obtain Government sanction to met this whole cost of the building from the Provincial Funds.

Read again letter dated 16th August 1893 No 1512 from the Dy Comr of the Tumkur District requesting sanction to the Municipalities of Gubbi and Tiptur being allowed to pay annually Rs 100 towards one-third cost of Dispensary buildings in them, as they are too poor to pay Rs full amount in one payment

Letter dated 31st October 1893 No 350 from the Dy Comr of the Tumkur District stating that the amount of contribution payable by the Municipalities of Gubbi and Tiptur are Rs 603 and 681 respectively.

23/3/94 Order thereon

Government are not prepared to sanction the proposal of the Dy Comr. The full amounts of contribution payable by the Municipalities of Gubbi and Tiptur viz Rs 603 and 681 respectively should be paid at once. It is noted that the Municipality of Tiptur gets an increase to its revenue of Rs 1126 by the transfer of the Govt moiety of House and Shanbhoga taxes and there is enough of balance in favour of the Gubbi Municipality that there can be no difficulty in meeting the charge in the current year.
